PRINCIPAL'S REPORT

WELCOME BACK

I hope all our families enjoyed a relaxing and enjoyable holiday break. It was lovely to see all the smiling and eager students' faces on Monday morning as they caught up with their friends in the school yard. It was with great excitement that I was able to announce during the holidays my official appointment as Principal of Berwick Lodge Primary School. My connection with our school began in 1999, when my eldest of four children started Prep. As a parent, and a teacher on family leave from another school at the time, I chose Berwick Lodge knowing it was an outstanding school—and it wasn't long before I wanted to contribute professionally as well. In 2004, I joined the staff when my youngest child started Prep that year. Since then, I have taught across various year levels and was proud to be appointed Assistant Principal in 2015—a role that has provided a strong foundation for stepping into the principalship. I am deeply passionate about our school and committed to building on its strong foundations. I look forward to working in partnership with our dedicated staff, wonderful students and supportive families to continue fostering a positive, inclusive and thriving learning community where wellbeing and achievement go hand in hand. My door is usually open, and I welcome people to call past and say hello.

PARENT TEACHER INTERVIEWS

Thank you to the parents and guardians who have already met with our teachers to discuss your child's progress. It is a great opportunity to celebrate everything our students have achieved and raise any concerns, if any, with your child's teacher. Our interviews continue next Monday 28th and Tuesday 29th July after school.

COLLECTING STUDENTS DURING SCHOOL HOURS

If families are having grandparents or other relatives collecting students during school hours, please phone the office ahead of time so we are aware of the change in who is picking up the student. If the adult collecting the child isn't on the emergency contact list, then they do need to provide photo ID as well before we will release the student.

RESILIENCE, RIGHTS AND RESPECTFUL RELATIONSHIPS

Berwick Lodge Primary School is a proud Respectful Relationships school.

Respectful relationships education is part of the Victorian Curriculum and delivered by all Victorian government schools. It supports students to develop the knowledge, attitudes and skills needed for respectful relationships and helps to build respect and equality across the entire school community.

Our school uses the Department of Education's evidence-based teaching and learning resources to teach our students about Respectful Relationships from Foundation to Grade 6.

The Resilience, Rights and Respectful Relationships resources have 8 topics that teach students about emotional literacy, personal and cultural strengths, resilience, problem-solving, stress-management, help-seeking, gender norms and stereotypes and positive gender relations.

This term we are working on Topics 7 and 8:

Topic 7: Gender norms and stereotypes helps students consider the influence of gender norms on attitudes, opportunities and behaviour, and to learn about gender equality, inclusion, human rights and the importance of relationships that respect people of all genders.

Topic 8 Positive gender relationships help students develop an age-appropriate understanding of gender-based violence, safe and unsafe behaviours and consent. Students also develop self-care, peer support and help-seeking skills they can use in response to situations involving gender-based violence.

If you have any questions about Respectful Relationships education, you can contact the classroom teacher and/or visit the Victorian Government's Respectful Relationships page:

<https://www.vic.gov.au/respectful-relationships>

NATIONALLY CONSISTENT COLLECTION OF DATA OF SCHOOL STUDENTS WITH DISABILITY (NCCD)

Every year, all schools in Australia participate in the Nationally Consistent Collection of Data on School Students with Disability (NCCD). The NCCD process requires schools to identify information already available in the school about supports provided to students with disability. These relate to legislative requirements under the *Disability Discrimination Act 1992* and the *Disability Standards for Education 2005*, in line with the *NCCD guidelines (2019)*.

Information provided about students to the Australian Government for the NCCD includes:

- year of schooling
- category of disability: physical, cognitive, sensory or social/emotional
- level of adjustment provided: support provided within quality differentiated teaching practice, supplementary, substantial or extensive.

This information assists schools to:

- formally recognise the supports and adjustments provided to students with disability in schools
- consider how they can strengthen the support of students with disabilities in schools
- develop shared practices so that they can review their learning programs in order to improve educational outcomes for students with disability.

The NCCD provides state and federal governments with the information they need to plan more broadly for the support of students with disability.

The NCCD will have no direct impact on your child and your child will not be involved in any testing process.

The school will provide data to the Australian Government in such a way that no individual student will be able to be identified – the privacy and confidentiality of all students is ensured. All information is protected by privacy laws that regulate the collection, storage and disclosure of personal information. To find out more about these matters, please refer to the [Australian Government's Privacy Policy](https://www.education.gov.au/privacy-policy) (<https://www.education.gov.au/privacy-policy>).

Further information about the NCCD can be found on the [NCCD Portal](https://www.nccd.edu.au) (<https://www.nccd.edu.au>).

If you have any questions about the NCCD, please contact the school.

PREP NEWS

PREP NEWSLETTER

Welcome back!

We hope you all had a wonderful and refreshing break! It has been so lovely to welcome our Prep students back to school for Term 3. We're looking forward to a term filled with learning, growth, and fun!

Here's what we're learning this fortnight:

abc Phonics & Literacy:

We are learning to read, write and spell the sounds th, ck, and wh. Students are also revising previously learned sounds and sight words to strengthen their skills. In writing, they are continuing to construct simple sentences, and we are continuing partner reading to support fluency and comprehension.

1234 Mathematics:

Our focus in Maths is patterns! We are exploring different types of patterns and identifying how many times the repeating element occurs. Students are using hands-on materials to build and extend patterns in creative ways.

🐄 Inquiry - "Moo To You"

This term, we are beginning our new Inquiry unit called "Moo To You", where students will be investigating farms and farm animals. We will explore where our food comes from and the important role farms play in our daily lives.

🎉 100 Days of School Celebration - Friday 1st August

We are so excited to be celebrating 100 Days of School! This is such a special milestone for our Prep students, and we are incredibly proud of everything they have achieved so far this year. We can't wait to see their creative projects and fabulous costumes as they dress up as if they are 100 years old!

On behalf of the Prep teaching team, thank you for your continued support.

We're looking forward to another wonderful term ahead.

Warm regards,

Mrs Belinda Felix

Welcome Back for Term 3!

It has been wonderful to welcome our enthusiastic Grade 1 and 2 students back for the start of Term 3. The children have settled in quickly and jumped straight back into their learning routines with a fantastic attitude. From writing and reading to solving number problems, it's been a busy and productive start to the term!

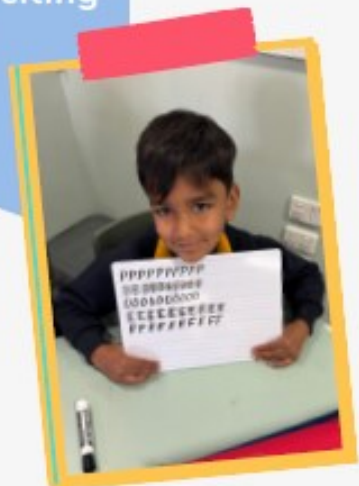

This week, we also took the opportunity to recognise NAIDOC Week, exploring the rich history and culture of Aboriginal and Torres Strait Islander peoples. As part of our learning, students discovered the significance of Aboriginal dot painting. It was a meaningful way to celebrate First Nations culture and connect with stories told through art.

We're looking forward to another exciting term of learning and growth!

GRADE 3/4 NEWS

Grade 4 Property Unit: Future Real Estate Agents in Action!

At the end of last term, our Grade 4 students became property experts in our *Property Unit*. They designed eye-catching real estate listings for real life and/or Minecraft properties and created detailed floor plans for their dream homes. Students explored persuasive devices and descriptive language to “sell” their houses. They learnt how to use wow words to highlight unique features and convince buyers to purchase their properties. We loved seeing their creativity, problem-solving and teamwork shine throughout this unit!

Thank you,
Mrs Julie Barry

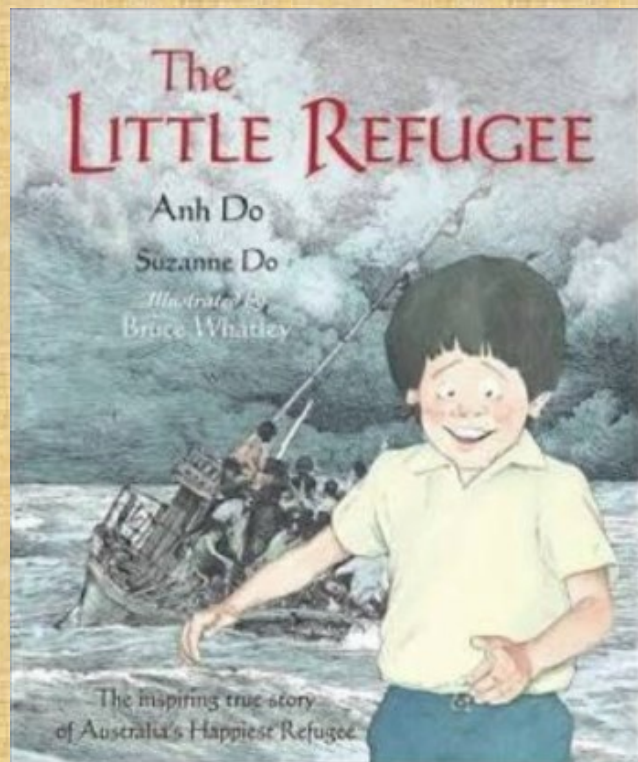

GRADE 5/6 NEWS

Welcome back! It's been a fantastic start to the term, with both our Grade 5 and Grade 6 students returning from the holidays full of energy, enthusiasm, and curiosity.

Our Grade 6 students have quite literally dived straight into the term! They've been doing an outstanding job in their swimming sessions, showing great determination, improvement, and encouragement towards one another in the pool.

Meanwhile, our Grade 5 students have kicked off the term with some truly thoughtful learning experiences. As part of NAIDOC Week, they've been engaging in rich, meaningful discussions about Indigenous culture, heritage, and the importance of reconciliation. It has been fantastic to see how they have linked the prior knowledge they learned while reading *Black Cockatoo* as part of last term's text-based literacy unit and have come up with some very insightful questions.

In literacy, Grade 5 has also begun their new text-based unit focusing on *The Little Refugee* by Anh Do. This powerful story has already sparked deep conversations about resilience, empathy, and the experiences of refugees and migrants that arrive in Australia.
